

The information below is designed to provide a summary of the post-award process. Detailed guidelines for each step of the process are provided in the Research Support Handbook.

It is essential that you as project manager read and understand the terms and conditions associated with the funding. The project manager is accountable to the head of department, dean and the vice-chancellor that

the funder's requirements are met. Please note that if you are the main KaU participant in a project administered by another organisation or university, you assume the responsibility of a project manager.
